ADLInspect has changed the way we do Property Management, we no longer put up with messy illegible carbon copies, nor do we buy bulk forms that become outdated.

All in all *ADLInspect* has allowed us to produce faster, cleaner more professional reports.

Melissa Franzen

Century 21 Franzen (NSW)

We are a small office but very diligent. *ADLInspect* has saved us time and wages when used for Entry Condition Reports & Routine Inspections. It is so efficient and cost effective.

If we have a problem, ADL support are extremely helpful.

Carol-Ann Kennedy

Carol-Ann's Real Estate (QLD)

We decided to get *ADLInspect* because we have a large portfolio and were finding written reports time consuming. By the time we got back to the office to type them up we were losing valuable time.

Since getting *ADLInspect* we have saved approximately 4 hours per week per property manager.

Clare Rutledge
L J Hooker Mosman / Neutral Bay (NSW)

ADLInspect is very easy to use, you can pick it up in a very short time and be an expert in using it in no time.

It saves time by not having to type a handwritten report. You produce professional legible reports quickly, saving delay from when the inspection is done to when the report is sent to the owner.

Reports can be quickly reprinted when required. They are stored on the computer so they are found in seconds.

Mary Lesic
Hamilton & Co Real Estate (NSW)

I have found ADL handheld easy to use & understand – the more you practise the easier it gets.

It has become a great time saver both on inspections and reports & once back in the office simple to add photos to all reports & print all.

Kay-Lee Autonello
David Schnitzerling & Co (QLD)

Being able to do our reports & take photo's to attach to all reports saves us an amazing amount of time. As any busy Property Manager knows, one of the most time consuming jobs is to return to the office & type up our reports.

Now it is just a matter of plugging in and everything automatically downloads.

Great!

Glenda Harris
